

Rock below the stars

(by Jackson Spider)

Now it's time to say goodbye
but it's only for a little while
where the mountains high, the forests dark
and to rock below the stars

The cars are loaded, ready to roll
only two hours down the road
when we arrive we unload and start
and keep rockin' out our hearts

Ref:

We are rocking below the stars
out in the wild following our hearts
We are rocking below the stars
a place so lonely, the forest so dark
We are rocking below the stars
playing all night until the break of dawn

A lot of rock and a lot of beer
make the daily routine disappear
meet rock jedis under the shower
for a new day full of power

Rock and barbeque light my fire
nothing else could get me higher
play all day and from dusk till dawn
no sleep but no reason to moan

Ref

A new vision of our sound
makes everyone happily dance around
there is time for work and for fun
we are getting something done

Naked feet on the tennis court
a tube shower cause it is so hot
time passes by so very fast
some longer it should have last
